Recreation Committee Meeting Notes
Tuesday, June 10, 2014 at 11:00 am at Village Hall

The meeting was called to order by Chairperson Robin May. Present at the meeting were Christy Germscheid, Robin May and Tracy Orr. Shay Tibljas joined the meeting later. No quorum was established.

We discussed the following at the meeting:

Finances-It looks like the Sports Complex will be able to pay their debt service this fiscal year due to the sports facility fee collections.

Water/Sewer/Electrical-Christy Germscheid will speak with Luis Reyes about getting a solar array at the sports fields. Tracy Orr reported that she will be measuring the distance from the electrical box to the field for Kit Carson Electric.

Windscreen-Wayne Phillips, our maintenance man, will be putting up the windscreen in the next couple of weeks.

Maintenance-Prairie dogs don't seem to mind the woodchips as there are already prairie dog holes in the wood-chip areas. Wayne Phillips made a drag mat for the track and has already groomed it.

Tracy Orr reported that Craig Edwards from Sportex was here and examined our field. He did report that we needed more pellets on the more utilized areas of the fields such as the goalie areas, the batter's boxes, the pitching mounds and the base lines. He also stated that the rocks around the edges of the field need to be cleared. Otherwise, the field looks good.

Policies and Procedures-Tracy Orr is still reviewing.

Other Business-Wayne Phillips said he could make us a sign to put up plaques acknowledging those who have donated to the sports complex.

We will not do a pinnacle rock at the complex because of insurance liability issues.

Christy Germscheid is still researching some fundraising ideas including a carnival themed event. A softball tournament fundraiser was also discussed.

Christy Germscheid reported that the pickleball club approached her for use of some of the land at the sports complex if they get a grant to build pickleball courts. There is land out there they could use without interfering with future Allen Fields construction.

Next meeting will be held Tuesday, July 8, 2014 at 2:00pm at Village Hall.
