

RESOLUTION NO 2012-03

**A RESOLUTION ACCEPTING THE EXTENSION OF
FIFTEEN HUNDRED FEET OF WATER AND WASTEWATER LINES
ALONG FRIA ROAD INTENDED TO PROVIDE UTILITIES
FOR THE ANGEL FIRE RV RESORT**

WHEREAS Angel Fire Resort Operations LLC has installed approximately 1,500 feet of water and waste water line to service; and

WHEREAS the Resort hired a Design-Build team made up of Steve Oliver Engineering and H-Construction; and

WHEREAS the installation of these utility line extensions was observed by the Angel Fire Utilities Department; and

WHEREAS due to changing weather conditions, some construction items were not completed. These items are listed below as conditions; and

WHEREAS the Utilities Department is recommending the Council accept these line extensions for maintenance with conditions and that the conditions be met by 30 June 2012.

NOW THEREFORE BE IT RESOLVED by the Angel Fire Village Council the 1,500 feet of water and wastewater line extensions along Fria Road are hereby accepted for maintenance with the following condition:

1. Concrete collars be poured as per Village specifications around all of the sewer manholes.
2. Install one sewer service to existing home on the north side of Fria Road. Install one sewer service for Lot #19, Agua Fria Estates Subdivision.
3. The existing water valve in the easement at the last western curve on Fria Road where it turns to the south needs a post driven into the ground to show where it is.
4. Exfiltration test be completed on all of the manholes.
5. As-built drawings be submitted to the Utilities Department.
6. Fria Road be restored to its pre-construction condition with proper trench compaction as per Village specifications.

PASSED, APPROVED AND ADOPTED this 10th Day of January, 2012

Mayor Stuart Hamilton
